

GENERAL INFORMATION

The Calgary Orthopaedic Society and Alberta Children's Hospital wish to invite all physicians and health care professionals to attend our 34th Annual Paediatric Orthopaedic Seminar.

Our speakers are acknowledged experts, each bringing a wealth of seasoned practice to the seminar. All are primarily focused in the medical and surgical care of children.

The format of this program allows an in-depth update on each subject and plenty of opportunity for discussion.

We hope this one day seminar will appeal to our colleagues across the country.
